Summary

I am well versed in several web development languages such as HTML, CSS, JS, Tailwind, Node with Express and MongoDB with Mongoose. Looking forward to working with an organization that gives me a good learning environment polishes my skills and grooms me into an efficient professional.

Skill Highlights

- HTML
- CSS
- JavaScript
- MongoDB with Mongoose
- React JS
- Tailwind
- Node with Express
- Next JS

Experience

Web Developer - 06/2022 to Present,
Innovestigia Consulting, Jabalpur, MP.

- **localbajar.com – (Node, MongoDB and EJS template)**
Here local vendors or shop owners will be able to upload their offers or discounts in order to increase their sales. Customers (users) can redeem offers by visiting vendor's shop.
- **Event manager app - (MERN app and Tailwind CSS)**
There was an 'Sarathi Event' at Shawn Elizey Hotel Jabalpur at 18 and 19 March 2023. There were some activities (Lunch, Dinner and kit-distribution) for those who were invited in this event. This app was made in order to take attendance and record activities of invited members.

Education

Bachelor of Commerce – 2020, **GS COLLEGE**, JABALPUR, MP.

Languages

Hindi
English
